EDUCATION

Gordon College

Bachelor of Science in Computer Science

- Member: AWS Learning Club – Gordon College
- Datacamp Scholar

Olongapo, Philippines

Expected Jul. 2026

EXPERIENCE

Software Development Intern

Kloudtech

Mar. 2025 – Aug. 2025

Olongapo, Philippines

- Contributed to software development projects with a focus on secure coding practices.
- Designed and implemented scalable applications with a focus on performance, maintainability, and security.
- Collaborated in an Agile team environment, applying industry-standard software development practices (version control, code reviews, CI/CD).

PROJECTS & HANDS-ON EXPERIENCE

TryHackMe Labs | *Cybersecurity, SOC*

- Completed Pre-Security, Cybersecurity 101, and SOC Level 1 learning paths (in progress).
- Ranked Top 7% of all TryHackMe users globally.
- Hands-on with SIEM analysis, threat detection, privilege escalation, and incident response.

Security Tools Practice | *Metasploit, Wireshark, John the Ripper, SIEM, CTI*

- Performed vulnerability analysis and penetration testing on lab environments.
- Monitored logs, analyzed alerts, and simulated SOC workflows.

TECHNICAL SKILLS

Security Tools: Metasploit, Wireshark, John the Ripper, SIEM platforms, CTI tools

Programming: Python, JavaScript, Typescript, SQL, PHP, Java

Frameworks & Libraries: React, Angular

Cloud: AWS Cloud Essentials, Cloud Security Fundamentals

Other: Software engineering, AI tools utilization, secure coding practices

ACHIEVEMENTS

Top 7% Global Ranking on TryHackMe.

Recognized as TryHackMe Trainee for consistent participation.

PROFESSIONAL AFFILIATIONS

Committee Member, AWS Learning Club – Gordon College

Member, TryHackMe Community
